Summary

I'm a passionate Web Application Developer specializing in Front-End Development. As a Front-End developer, I can convert Figma design to a perfect responsive web template and give them life using React Js. I'm good at solving problems. I'm also a team player and love working with others. Collaboration is key to building successful websites, so I enjoy working with designers and other developers to bring ideas to life.

Featured Project

OREBI E-Commerce Website

React js Tailwind Css Redux Toolkit Context API

Live Preview: <https://orebi-main.vercel.app>

FRESH E-Commerce Website

HTML Tailwind Css Jquery Plugins Vanila js

More Challenges

- Live Search Functionality
- Form validation and Clickable function
- Dynamic designs like filtering products
- Making plugins using raw Javascript
